Hall A

Kostis Palamas Building, Akadimias 48, Athina 106 79 - [Map](#)

10:00 - 11:10

Scientific Paper Presentations

Green Innovation Session: Digitalization and Entrepreneurship

Chair: Dr. Pantelis Broukos

Mapping Sustainable Development Goals of Circular Economy-Based Start-Ups: An Exploratory Study from India

Vinita Krishna, Amolika Verma

The Role of Entrepreneurship Support Initiatives on the Development of Innovative Startups

Vasiliki Kremastioti, Evangelos Siokas

Does Digitalization Affect the Material Footprint of Nations? Evidence from Panel Data Analysis

Alexandra Korcheva

Enhancing Societal Resilience in Eastern Attica by Coupling Sewer Mining Solutions with Digital Twin Systems

Klio Monokrousou, Christos Makropoulos, Christodoulos Frangkoudakis, Spyridon Tsattalios, Chris Pantazis

11:10 - 11:30

Applied Research Presentation

Exploring e-beam Technology: An Innovation in Coil Coating

- Boutsika Lamprini, R&D Engineer, Elval Colour

11:30 - 12:00

Coffee Break

12:00 - 14:00

Scientific Paper Presentations

Green Innovation Session: Open Innovation, Innovation Policies, Instruments, Creativity and Transfer

Chair: Prof. Neslihan Doğan-Sağlamtimur

Implementing Circular Economy Models Via Open Innovation: A Literature Review

Christos Kalantzis, Konstantinos Aravossis, Christos Nikoloudis

The Generation of Greentech Innovation Ideas Through External Open Innovation Programs: The Case of GAIA Challenge

Christos Nikoloudis, Christos Kalantzis, Iakovos Ballas, Angelos Vasileiou & Vasilis Athanasiadis

Growing Sustainability: Mycelium-Based Acoustic Panels

Christos Kourtidis-Vlachogiannis, Dimitra Almpani-Lekka, Dr. Fotios Anagnostopoulos, Dr. Evangelos Pantazis, Iason Pantazis, and Dr. Panayotis Pangalos

Circular Economy, Innovation, Entrepreneurship and Their Relationship with Economic Growth by Using Econometric Analysis

Evangelos Siokas & Vasiliki Kremastioti

Complementary Green Innovations for Sustainable Future

Jan W. Dobrowolski, Tadeusz Żaba Krakow

14:00 - 15:00

Lunch Break

15:00 - 16:40

Scientific Paper Presentations

Green Innovation Session: Green and Sustainable Materials, Technologies and AI

Chair: Assoc. Prof. Sotiria Dimitrellou,, Assist. Prof. Eleni Strantzali

Employing Additive Manufacturing to Promote Sustainability in Shipbuilding - A Paradigm of a 3D Printed Sensing Device

D.N. Pagonis, T. Kouvatsos, I. Iakovidis, E. Strantzali

A Decision-Making Strategy for the Selection of Additive Manufacturing Thermoplastic Materials Based on Material Attributes

Sotiria Dimitrellou, Eleni Strantzali & Isidoros Iakovidis

An Intelligent Method for Separating Metal Tin Cans

Neslihan Doğan-Sağlamtimur, Murat Peker

Integrating Circular Economy Principles in Ship Recycling: A Review of Decision-Making Approaches

E. Strantzali, G.A. Livanos, S. Dimitrellou, M. Vavouli, D.N. Pagonis

16:40 – 17:00

Applied Research Presentation

Pillars of sustainable valorization of residual solid biomass & Applications from the agricultural, forestry and urban sectors

Nikolaos Damatis, Dipl. Production & Management Engineer, Secretary General of the Hellenic Biomass Association (HellaBiom)

17:00 - 18:00

Poster Session

Enhancing Sustainability in Manufacturing: The Role of Ontologies in Planning and Scheduling Activities within Manufacturing Systems

Guillem Fradera Pérez, Yasamin Eslami, Chiara Franciosi

Rubber Track Recycling

Dimitrios Atzamos

Geochemical Perspective for the Implementation of the CO₂-Based Electrothermal Energy and Geological Storage System (CEEGS) Concept

Nikolaos Koukouzas, Eleni Gianni, Christina Karatrantou, Pavlos Tyrologou, Dounya Behnous, Julio Carneiro, Marton Farkas, Sebastian Unger, Andres Carro, Ricardo Chacartegui

Impact Assessment of Photovoltaic Panels with Life Cycle Analysis Techniques

Nikolaos Skarkos, Antheta Menti, Konstantinos Kalkanis, Ioannis Chronis & Constantinos S. Psomopoulos

Application of SSM in Structuring Decision Support for Evaluation of “Green” Development Programs

Christina Fountzoula, Konstantinos Aravossis & Ilias Tatsiopoulou

Removal of Heavy Metals from Industrial Wastewater Using Natural and Organically Modified Minerals

Markos Margaritis, Eftychia Gkazeli, Maria Atzemi

Energy Intensive Industries Decarbonization Circularity Path: Steel, Glass and Cement Industry Success Cases

Anatoli Rontogianni, Panagiotis Grammelis

Coffee Break

12:00 - 14:00

Scientific Paper Presentations

Circular Economy Session: Circular Design, Evaluation and Circular Water Management

Chair: Prof. Rebeka Kovačič Lukman, Dr Christina Fountzoula

A Conceptual Sustainability Performance Measurement Framework for Circular Supply Chains

Sundeep Tamak, Yasamin Eslami, Catherine Da Cunha

Progress in Eco-Industrial and Circular Business Parks: Updated Framework and Cases from the Netherlands

Jaco Quist, Carlos Valladolid Calderón, Gijsbert Korevaar, Geerten van de Kaa

Advancing Circular Design in Architecture: A Framework for Decision-Making Mechanisms

Ayşe Ceylin Ceyda Hündal, Meryem Birgül Çolakoğlu

Sustainable Homes: Comprehensive Energy Audit of a Residential Building

Mercy Ike Ajigah, Kip Carrico

Assessing Local Food Production Self-Sufficiency Through the Prisma of Material Flows, Geographical Information Systems and Life Cycle Assessment

Kristijan Brglez, Rebeka Kovačič Lukman, Tomaž Kramberger, Damjan Krajnc & Klemen Prah

Influence of Social Inclusion on Recycling Cycles of Circular Economy: Cases of Waste Picker Organizations in the Global South

Dánika A. Castillo-Ospina, Mauricio Rosso Pinto, Aldo Roberto Ometto

Shifting to Urban Human-Based Circular Manufacturing; A Structural and Relational Mapping of Supply Chains in the Textile and Clothing Sector in Athens and Rotterdam

Fiori A. Zafeiropoulou, Ioannou, G., Papalexandris, A., Kostopoulos, K., Rezikalla, M., Van den Berghe, K., Lavanga, M., Kim, Y., Brandellero, A.

14:00 - 15:00

Lunch Break

15:00 - 16:40

Scientific Paper Presentations

Circular Economy Session: Improved Waste Management

Chair: Dr Christina Legaki

Unlocking the Potential of Olive Pomace and Wastewater: A Fractionation Approach to Sustainable Valorization

Revital Mashal, Chen Lev-Ari, Len Pader

Optimizing Water and Energy Use in Industry: A Decision Support Framework for Industrial Wastewater Treatment and Reuse

Ioanna Nydrioti, Helen Grigoropoulou

Waste to Chemical: An Innovative Approach to Achieve Zero CO₂ Emission Target

Giacomo Rispoli, Alessia Borgogna

**Reusability Metrics of Electronic and Mechanical Components for
Second-Life Battery Systems**

*Dimitra Spanoudaki, Vasileios Apostoloudas, Elisavet Elvanoglou, Sotiris
Athanasίου*

**Application of Benders Decomposition for the Solution of Non-Linear
Wastewater Treatment Network Design Problem**

Pantelis Broukos, Michalis Fragiadakis, Antonios Fragkogios & Nilay Shah

Rubber Track Recycling

Dimitrios Atzamos

Network Design of Bio-Waste Recycling Bins in Cyprus

3rd Day - Wednesday October 23

Recreational Activities on the Final Day of GR-I-CE 2024

Explore the Heritage and Beauty of Greece

As we wrap up the 1st Conference on Green Innovation and Circular Economy (GR-I-CE 2024), we are delighted to suggest to our attendees two unforgettable cultural and historical tours. These excursions will allow you to immerse yourself in the rich history and stunning landscapes of Greece, combining learning with leisure.

Morning Tour - Acropolis Museum & Ancient Agora of Athens

09:00 - 09:30

Meeting Point: Acropolis Metro Station

Kick off the day by gathering at the Acropolis Metro Station, a short walk from the breathtaking Acropolis Museum.

09:45 - 12:00

Acropolis Museum Tour

Discover the unparalleled art and history of ancient Athens with a guided tour through the Acropolis Museum. From the ancient sculptures to artifacts from the Parthenon, you'll delve deep into Greece's remarkable past.

12:30 - 13:40

Tour of the Ancient Agora of Athens

Continue the journey to the Ancient Agora, the historic center of Athenian democracy. Walk the same grounds as Socrates and Plato while exploring one of the most significant archeological sites of ancient Greece.

Cost per person: 15€

Afternoon Trip - Poseidon's Temple, Sounio

14:30 - 15:00

Departure from Athens

Board a bus for a scenic coastal drive to the southern tip of Attica. Enjoy the views of the Athens Riviera along the way.

16:00 - 18:00

Tour of Poseidon's Temple

Upon arrival at Sounio, visit the Temple of Poseidon, perched high above the cliffs overlooking the sea. A perfect way to end the conference with a serene and picturesque experience.

19:00

Return to Athens

Cost per person: 60€

Important Notes:

- Comfortable shoes and sunscreen are highly recommended for both tours.
- The tours are complimentary for conference attendees and not obligatory, but space is limited. Please register early to secure your spot using the [registration forms](#).

We look forward to seeing you on this memorable day!
